

SCHOOL SUPPLY DRIVE ~ MISSION PROJECT in AUGUST

From your Pentecost
Seasonal Planning Team

One of the mission projects for the Pentecost season is the collection of school supplies for children at Thoreau Elementary School. About half of

Thoreau's student body are from low-income households so additional school supplies are needed and much appreciated.

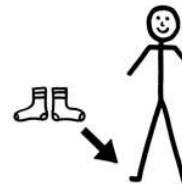

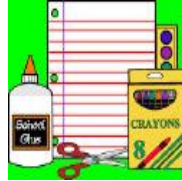

In addition to school supplies, donations of children's underwear and winter clothing (scarves, hats, and mittens/gloves) are also useful.

For space reasons, an abridged list of general school supplies is included here; it is important you pick up a detailed copy of the school supply list available in the Narthex and/or office. Some items on the list are very specific in description, per the school.

Please note that it's not necessary for folks to buy everything on this list; even a few items will help meet the need.

There will be a box to receive your donations of supplies, available in the Narthex beginning Sunday, Aug. 8. We will be delivering the supplies to Thoreau during the week of Aug. 23. Thank you in advance for your generous support of this mission project!

Here is a general list of some supplies you will find are greatly needed for the upcoming school year:

- Backpacks
- Rest mats
- Art smocks
- Pencils
- Glue sticks
- Crayons
